

JUNAID ARSHAD

Front-end Developer (React)

A motivated React.js developer with hands-on experience from a 3-month internship at Asian Solution Company. Proficient in building responsive user interfaces and working on key features for real estate applications. Skilled in writing clean, efficient code and integrating APIs to enhance functionality. Eager to continue learning and applying new technologies in web development.

Skills & Strengths

- HTML
- CSS
- JavaScript
- Bootstrap
- React

Experience - Entry Level

React Developer | ASIAN SOLUTION - Lahore, Pakistan | Jun 2024 - Aug 2024

- Contributed to the development of a real estate management system, focusing on the front-end using React.js.
- Collaborated on building features for admin, agent, and user portals, ensuring smooth interaction and performance across roles.
- Implemented various components such as property listings, messaging systems, and dynamic forms, improving the overall user experience.
- Gained hands-on experience with responsive design, media queries, and integrating APIs for seamless data handling.
- Worked closely with the team to ensure code quality, scalability, and maintainability of the web application.

Projects

Portfolio | Junaid Arshad | Jul 2024 - Aug 2024

<https://01port.netlify.app/>

Tools: HTML | CSS | JavaScript | React.JS | Bootstrap | Tailwind

Built a fully responsive and interactive portfolio website to showcase my skills, experience, and projects as a front-end React developer. The website includes multiple sections such as an About Me, Projects, Skills, and Contact form. Key highlights include:

- **Dynamic Project Showcase:** Integrated a dynamic project section where each project is detailed with descriptions, technologies used, and GitHub links. Projects are fetched using React components to ensure scalability.
- **Smooth Navigation:** Implemented React Router for seamless navigation between different sections like Home, About, and Projects.
- **Responsive Design:** Used Tailwind CSS for styling, ensuring that the portfolio is fully responsive and optimized for all devices (mobile, tablet, desktop).
- **Interactive UI:** Added hover effects and animations to improve user interaction, making the website more engaging and professional.
- **Deployed on Netlify:** Successfully deployed the website on Netlify, ensuring fast load times and easy accessibility. Utilized Netlify's features for continuous deployment and domain management.
